michaelfang1393	This series is more the laid back content for the Sonic fans. Sonic Prime got more to look for. Sonix X is still the one anime series that remains on the animation throne in all Sonic shows.	2024-12-24T18:40:07Z

zero_sakura0036	I wouldn't say it's the best Sonic cartoon but I did really like it. It's one of my favorites, along with The Adventures of Sonic the Hedgehog and Sonic X. JasonX100	I actually liked this show, it&#39;s not ground breaking or anything, but it&#39;s a fun way to kill some time when you&#39;re bored. One thing I found really funny was the dynamic between Eggman and the rest of the characters. One minute he&#39;s trying to destroy them the next he&#39;s out shopping like a regular person and no one seems to mind.	2024-01-05T02:45:45Z		
cmpork7145	Everyone talks about how great Eggman was but Sonic and Amy were also huge improvements. Sonic for once in idk how long acted like a teenager and even though Amy&#39;s personality is a cliché just like Knuckles, she actually pulls it off. Maybe it&#39;s because her standard stalker character was bad to where any any change was welcome while Knux suffered fr	2023-12-21T03:04:56Z

crashban4t.f.s.b783	In my opinion and this is a very unpopular one. I think Sonic Satam is the worst Sonic cartoon because it's an incomplete vision. With the adventures of sonic the hedgehog and sonic boom they planned what they were trying to do and they did it. With sonic Satam they planned and they went halfway and it feels like an unfinished vision. A lot of the episodes in Sonic Satan	2022-04-23T16:07:32Z
